Fresh off of a horrifying trek to a fabled island where dinosaurs nearly killed him, B-list celebrity Colt McKinnon finds himself heading directly back into the world of the unexplained. This time, his new employer is sending him into the area known as the Bermuda Triangle. Recent storm surges and electromagnetic anomalies have seen an upswing in strange activity in the area. Happy to dive back into a journey into the unexplained and out of the shadows of the dinosaurs that neatly killed him, Colt happily packs his bags. But when the Triangle dumps him into a sea stranded somewhere in the cracks of time, Colt soon learns that he may not be done running from dinosaurs after all.
